Full-stack developer with expertise in React, Node.js, TypeScript, and PostgreSQL, plus a background in project management and leading software teams. Former CEO of Langino, where I drove agile development of e-learning solutions, now seeking to contribute as a developer and grow professionally.

Skills & Technologies

- **Languages:** Python, JavaScript, TypeScript SQL
- **Frontend:** React.js, HTML5, CSS3, Bootstrap, Materialize
- **Backend:** Node.js, Express.js, PostgreSQL
- **Tools:** Git, GitHub, Webpack, Vite, Jira, Asana, Trello
- **Other:** Agile methodologies (Scrum, Lean Startup), JWT authentication, REST APIs

Work Experience:

2023 – 2024: technical and client support specialist – CyberSheli (cyber-security)

- Communicated with clients to identify cybersecurity needs and provide tailored solutions.
- Specialized in assessing risks and recommending tools to mitigate potential threats.
- **Main achievement:** Promoted for exceeding sales targets by 15% on a monthly average.

2019 – 2022: CEO and Co-founder – Langino (online language teaching company)

- Led the team responsible for developing an e-learning app using **React**, **React Native**, **HTML5**, and **JavaScript**.
- Managed quality assurance processes for web and mobile apps (iOS, Android).
- Implemented **Lean Startup** and **Scrum** methodologies to drive project development.
- **Main achievement:** Successfully rolled out the app, contributing to the company's growth and market presence.

2013 – 2020 – CEO and Co-founder – iTAMEDIA (app development company)

- Led the development of a language learning and teaching app for desktop and mobile.
- Managed project development using Scrum and focused on quality assurance and setting strategic KPIs.
- **Main achievement:** Secured the first angel investment for the company.
